Request For Action

If your young person has borrowed a laptop or any other items from the LRC, they will need to return it before the term finishes.

Key Messages

This term your young person will be starting to look at what they want their future destination to be when their course is completed. We would encourage you to talk to them about any plans they might have and how they can achieve them.

There is also a wealth of careers related information available to you so that you can help your young person to make their choice. These can be found in the Be Career Ready section of our website <https://ncc.eastlancslearning.ac.uk/> under the heading "Information for Parents, Guardians and Carers" in the Careers Information & Guidance section. You can also access information on careers and Labour Market Information to help you with these conversations.

If your young person would like to talk to a careers advisor, appointments are available throughout the rest of the term and during the summer break and can be arranged by emailing careers@eastlancslearning.ac.uk
